DOORDASH FOOD DELIVERY PROGRAM STARTS AT CLINIC ON OCTOBER 27TH

OCTOBER NEWS

**NEW PARTNERSHIPS**

A memorandum of understanding with the Nursing School at U of M Flint to send 2 student nurses to each clinic for their OB/Antepartum Clinical Rotation experience has been signed and working on one for their Nurse Midwife program.

We have partnered with Voices for Children to offer a monthly Safe Sleep Class at the Clinic on non-Clinic days that are open to the community. They start on November 15th and participants will receive a Pak and Play and Sleep Set. Sleep accidents are high on the list of causes that result in babies dying before their first birthday.

**DOORDASH FOOD DELIVERY PROGRAM**

We have been accepted into the Doordash Food Delivery Program. Starting on October 27th 3-8 bags of groceries per family will be delivered to Clinic on clinic days. Many of our patients have transportation issues and cannot get to a food bank when they run out of food. Every time they come to Clinic they will have their pantries replenished.

**INITIALLY WE WILL USE THE AMBULANCE FOR DISTRIBUTION BUT ARE LOOKING FOR A DONATED CARGO VAN AND VOLUNTEERS INTERESTED IN MAKING THIS PROGRAM ADDITION TO OUR MINISTRY RUN SMOOTHLY.**
